

Nutrition Support Recertification CE Courses - All courses expire by 1.1.26

Course and Topic	UAN	CE
2023 General Courses		
Acid/Base Considerations in Nutrition Support	0018-0000-23-061-H01-P	1.25
Identification and Management of Hyponatremia	0018-0000-23-264-H01-P	1.25
2022 General Courses		
Adult Trace Elements Overview with Deficiencies and Toxicities Focus	0018-0000-22-045-H01-P	2.0
Enteral Nutrition Compounding and Formulations	0018-0000-22-047-H07-P	1.25
Management of Enteric Fistulas	0018-0000-22-053-H01-P	1.75
Clinical Nutrition Week 2025 – Available to all subscribers		
Improving Nutrition Interventions in the Critical Care Setting: A Team-Based Approach	0018-0000-25-109-H01-P	2.25
Nutrition Hurdles: Overcoming Challenging Scenarios in Oncology Patients	0018-0000-25-110-H01-P	1.75
Parenteral Nutrition Delivery Across the Patient Spectrum	0018-0000-25-111-H05-P	1.75
Optimization and Complications of Parenteral Nutrition in Preterm Infants	0018-0000-25-112-H01-P	1.75
Challenges in the Transition of Nutrition Support Throughout the Continuum of Life from Neonates Through Adults	0018-0000-25-113-H01-P	1.75
Nutrition Care in Uncharted Territory: POTS, MCAS, Ehlers-Danlos Syndrome (EDS)	0018-0000-25-114-H01-P	1.75
The Global Leadership Initiative on Malnutrition: A Practical Approach	0018-0000-25-115-H01-P	1.75
Weight Loss Medications: A Clinical Guide for the Nutrition Provider	0018-0000-25-116-H01-P	1.75
What a Clinician Should Know When Prescribing Home Parenteral Nutrition	0018-0000-25-117-H01-P	1.75
Micronutrients Matter: A Roadmap to Evaluation and Treatment of Micronutrient Deficiencies	0018-0000-25-200-H01-P	1.75
Clinical Nutrition Week 2024 – Available to all subscribers		
From Pancreatitis to Pancreatectomy: Principles of Nutrition Therapy	0018-0000-24-250-H01-P	1.75
Lipid Injectable Emulsions in Pediatric and Neonatal Patients: What We Know and What We Still Need to Learn	0018-0000-24-251-H01-P	1.75
Making Your Recommendations and Plans for Patients: Challenges with Stability and Compatibility of IV and Parenteral Nutrition Admixtures	0018-0000-24-252-H05-P	1.75
Nutrition Management of Infants with Complex Medical Conditions	0018-0000-24-253-H01-P	1.75
Nutrition Support Therapy Errors Got You Down? You Cannot Fix What You Do Not Seek and Report	0018-0000-24-254-H05-P	1.75
Strength in Numbers: Interprofessional ICU Rounds	0018-0000-24-255-H01-P	1.75
A Brave New World: Nutrition Complication of Novel Oncologic Therapies	0018-0000-24-256-H01-P	1.75
Nutritional Considerations in the Critical Care of Patients with Complex Liver Disease	0018-0000-24-257-H01-P	1.75

Addressing Health Disparities and Social Determinants of Health to Improve Clinical Outcomes	0018-0000-24-258-H04-P	1.75
Enterally Autonomous, But Not Cured: Long-Term Follow-up for Children with Intestinal Failure	0018-0000-24-259-H01-P	1.5
Hot Topics in Critical Care	0018-0000-24-260-H01-P	1.75
Clinical Nutrition Week 2023 – Available to all subscribers		
Contemporary, Protocol-Based Enterocutaneous Fistula Management Can Improve Clinical Outcomes	0018-0000-23-251-H01-P	1.75
Management of Vascular Access Devices in Home Parenteral Nutrition	0018-0000-23-254-H05-P	1.25
Renal Replacement Therapy: Considerations for Micronutrient, Electrolyte and Medication Management	0018-0000-23-255-H01P	1.75
Why I Rejected Your Manuscript: A Glimpse into the Mind of an Editor	0018-0000-23-019-H99-P	1.5
Nutrition Access Crisis	0018-0000-23-252-H01-P	2
Parenteral Nutrition Product Shortages: From Best Practices to Crisis Management	0018-0000-23-256-H05-P	2.25
Moral, Cultural, and Spiritual Competency-Drivers of Ethical Nutrition Support Decision-Making	0018-0000-23-257-H99-P	1.75
Practical Application of PN Compatibility and Stability and Safe Implementation of USP 797 Revision	0018-0000-23-259-H05-P	1.75
Cutting Edge Treatment of Obesity	0018-0000-23-258-H01-P	1.75
When Micronutrients cause Macroproblems	0018-0000-23-260-H07-P	1.75
